REPUBLICAN COUNTY CONVENTION.

The Republicans of Franklin county met at the courthouse, on Saturday afternoon, at 1:30 o'clock.

Mr. George L. Barnes, Chairman of the County Committee, called the meeting to order.

On motion Gen. Dan W. Lindsey was made chairman and Dr. E. Underwood secretary.

Gen. Lindsey upon taking the chair, took occasion, after thanking the convention for the honor conferred in calling upon him to preside, to state that he could not accept the nomination from Secretary of State, to which place his friends had recommended him.

The following resolutions were adopted, viz:

We the Republicans of Franklin county, in convention assembled, make the following declaration:

Resolved, That we reaffirm our allegiance to those Republican principles under which from 1896 to 1900 the depreciated credit of the State was restored, the debt of the State was paid and a clean administration given the people. We accept the recent decision of the Court of Appeals in favor of home government and honest elections as a vindication of the Republican policies long advocated and pursued in this State and a condemnation of the teachings and practices of the machine Democracy.

Resolved, That, recognizing his eminent fitness for the office, his broad statesmanship and his long service in behalf of the Republican party, and having confidence in the triumphant result of his leadership, we instruct our delegates to the State convention at Louisville to cast a solid vote in favor of A. E. Wilson as the Republican candidate for Governor.

Resolved, That we request our delegates upon all questions that may come up in the State convention to vote as a unit.

The following delegates were appointed to attend the State Convention:

Delegates—E. M. Drane, G. L. Barnes, N. I. McDowell, M. P. Brown, G. L. Roberts, E. E. Underwood, W. T. Silver, C. P. Greenup, Thos. Chism, Jos. P. Pfeifer, John C. Martin, Den. Wilhoit, A. B. Hammond, L. P. Turtur.

Alternates—J. F. Bennett, F. G. Stagg, B. T. Harvey, T. A. Hall, Ben Sayre, M. T. Boyd, T. K. Robb, Ed. Wallace, John Marshall, George W. Parker, D. W. Lindsey, Jr., George H. Steele, Thos. B. Hampton and George Green.

The convention then adjourned.

IN MEMORY OF MR. RICE ROSSON.

Dearest Uncle thou hast left us. Never more to us will be.

But thou wilt not be forgotten. We will often think of thee.

Thou art gone but not forgotten. And thy chair is vacant still. We will think of thee and love thee. For thy place no one can fill.

But thou art asleep, asleep in Jesus.

Oh! how sweet that blessed sleep. Ma—meet him in the gloaming. Kneeling at Jesus' feet.

And weep not, dear ones, for the departed.

Who has just gone on before. For we must all strive to meet him Some day on yonder shore.

FARMER'S

KENTUCKY CROP REPORT.

Condition of Growing Crops, Prospect, Etc., June 15, 1907.

In our May report we started off by saying "the month of April will long be remembered as the coldest and most unfavorable for crops and spring work for many years." The same can be truthfully said of month of May. The oldest inhabitants claim they have never seen a spring so cold and the conditions so unfavorable for work and growing crops. Damaging frosts as late as the 28th of May, Crops of all kinds are far behind and in most cases anything but very promising. And to add to the damage done by frosts and cold, damp weather, the cut worms were never more plentiful, more destructive; doing great damage to young corn, tobacco and garden truck.

The army worms has also gotten in destructive work in a large part of the State. They first made their appearance in the western end of the State and gradually showed up until many counties in the central part are affected by them. Old meadows, pastures and many wheat fields fell an easy prey to their ravages. In some localities corn fields and early planted tobacco were damaged by them.

The low condition of meadows, pastures and clover is largely accounted for by these invaders.

Much of the corn land has not yet been planted on account of too much cold and wet, and many fields of the early planted had to be planted over.

The acreage compared with a five years average is a little short, being 96 per cent. Condition is 77 per cent, which is fairly good considering the weather and worms.

The acreage of wheat is 90 per cent, of a five years average. Condition is 82, a falling off of seven points since our May report. The oat crop is a little short in acreage and has fallen off in condition from 83 in May to 79 at this time. Oats is some better in acreage and conditions. Hemp is 83 per cent, of a five years average and 90 in condition.

There is a general complaint of a scarcity of tobacco plants and lateness for readying ready for transplanting.

It looks now that it will be impossible to plant a full crop and much of that will be late. Only a small per cent. of the crop was planted June 1st. This is applicable to both burley and dark.

The scarcity and high price of stock peas has cut the acreage of the crop.

Apples only promise about a third

of a crop and peaches nearly a failure. The berry crop promises a fair yield.

Gardens are backward and the cold weather gave tender vegetation quite a set back.

HUBERT VREELAND,
Commissioner.

THE MAGIC NO. 3.

...number three is a wonderful master for Geo. H. Parrish, of Cedar Grove, Me., according to a letter which reads: "After suffering much with liver and kidney trouble, and becoming greatly discouraged by the failure to find relief, I tried Electric Bitters, and as a result I am a well man today. The first bottle relieved and three bottles completed the cure." Guaranteed health remedy for stomach, liver and kidney troubles, by all druggists. 50 cents.

ANOTHER FRANKFORT BOY A SUCCESS IN THE WEST.

We have received a copy of the Kasson (Minn.) Republican, giving an account of the closing exercises of the High School at that place, or which Rev. Tyler E. Utterback, a former Frankfort boy, is principal.

The graduating class numbered seventeen.

That paper speaks in the highest terms of Mr. Utterback, and says he has made the best principal that school has ever had.

Stop itching instantly. Cures piles, salt rheum, tetter, itch, hives, herpes, scabies—Doan's Ointment. At any drug store.

COURT OF APPEALS ELECTS OFFICERS.

The Court of Appeals, on Thursday, met and elected the subordinate officers for the ensuing two years, as follows:

Reporter—Judge T. R. McBeath.
Sergeant-at-Arms—James Smith.

Assistant Sergeant-at-Arms — W. Cheek.

Tipstaff—Claude Hazelrigg.

MY BEST FRIEND.

Alexander Benton, who lives on Rural Road 1, Fort Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough, and thus accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's Discovery's power over coughs and colds is simply marvelous." No other remedy has ever equaled it. Fully guaranteed by all druggists. 50c and \$1.00. Trial bottle free.

Mr. E. W. Goodloe, of 107 St. Louis St., Dallas, Tex., says: "In the past year I have become acquainted with Dr. King's Life Pills, and no laxative I ever before tried so effectively dispenses of malaria and biliousness." They don't grind nor gripe, 25 cents at all drug stores.

DR. WEAVER'S SYRUP AND CERATE.

BIG CATTLE SHOW.

LIBERAL APPROPRIATIONS FOR BEEF AND DAIRY BREEDS AT THE BLUE GRASS FAIR.

The cattle show at the Blue Grass Fair will be one of its biggest and most important features. The Association has been most liberal in its appropriations for different classes of cattle and the cattle associations have recognized the importance of the Fair by handsome donations on their part. The American Shorthorn Breeders Association has appropriated \$625 to be added to the amount appropriated by the Fair Association and the whole forms a total for the Shorthorn cattle which insures a tremendous good show.

The Aberdeen-Angus Breeders' Association has given the Blue Grass Fair the only appropriation which it has made for the State of Kentucky. In amount \$290, and the black cattle will certainly be well represented at Lexington the week of August 12th to 17th. There is also a splendid premium list for Herefords.

In the dairy class the whole amount has been appropriated for Jerseys. The management of the Blue Grass Fair has taken the ground that this is the only breed of dairy cattle which interest the people of Kentucky. It believes it would be bad policy and it sees no advantage to be exacted by offering premiums for other dairy breeds which would simply allow one exhibitor from another State to come to Lexington and take away the whole amount of the premiums offered without in any wise benefiting the people of Kentucky.

A FORTUNATE TEXAN.

Mr. E. W. Goodloe, of 107 St. Louis St., Dallas, Tex., says: "In the past year I have become acquainted with Dr. King's Life Pills, and no laxative I ever before tried so effectively dispenses of malaria and biliousness." They don't grind nor gripe, 25 cents at all drug stores.

MISS MARGARET A. LEWIS RESIGNS POSITION IN HIGH SCHOOL

After having completed twenty-one years of faithful service, Miss Margaret A. Lewis tendered her resignation to the Board of Education as teacher in the City High School, last week.

Miss Lewis has accepted a much better position in a large female academy at Boise, Idaho, and after spending her vacation with her brother, in Harriman, Tenn., will go to her new home in the far west.

The State Journal, of Sunday, makes the following comment upon Miss Lewis' resignation:

Miss Margaret A. Lewis tendered her resignation, which was received, by the board with expressions of regret, as Miss Lewis has been one of the most capable instructors the school ever had, and was one of the oldest teachers in point of service, having been a member of the faculty for nearly twenty years."

HON. JOHN W. YERKES BADLY HURT.

Hon. John W. Yerkes, ex-Commissioner of Internal Revenue, had a bad fall on the marble steps of Hotel Sutton, in Cincinnati, on Sunday, by which his right ankle and knee were badly sprained. His physicians absolutely forbade his attempting to attend Republican State Convention, at Louisville, on Wednesday, which was a great disappointment to him.

His host of friends regret his misfortune.

ANOTHER EXCURSION TO CINCINNATI.

The F. & C. and Q. & C. Railway Companies will run another excursion to Cincinnati tomorrow. Train leaves at 7 a. m. sharp. Returning the train will leave Cincinnati at 1:30 p. m. (In place of 8:30), as heretofore, which will put passengers back home by bedtime. The fare for round trip will be only \$1.25.

REPUBLICAN STATE TICKET NOMINATED.

The Republican State Convention assembled in Louisville on Wednesday last at noon, a very large crowd being in attendance, practically every county in the State being represented. Judge Wm. H. Holt, formerly of this city, was made temporary Chairman, with Mr. John J. Craig, of Covington, as temporary Secretary.

Judge Holt made a short and eloquent address.

The usual committees on organization, credentials, rules and resolutions were appointed.

While waiting the report on organization, Mr. W. Marshall Bullitt, of Louisville, made a ringing address, calling upon the party to avoid all mistakes, to stand together as one man and to nominate a clean and able ticket. The address was received with great enthusiasm.

The committee on organization reported, recommending Gov. W. O. Bradley for permanent chairman, and the temporary secretary for the permanent one.

When Gov. Bradley was brought upon the platform he received a perfect ovation, and captured the convention in the first sentence of his address, the crowd springing to their feet and wildly applauding.

The convention then took a recess until 8 o'clock p. m.

The following nominations for the various offices were made:

Governor—Hon. Augustus E. Wilson, of Louisville.

Lient. Governor—Hon. Wm. H. Cox, of Mayfield.

Attorney General—Hon. James Breathitt, of Hopkinsville.

Auditor—Frank P. James, of Hardin.

Treasurer—Capt. Edward Farley, of Paducah.

Secretary of State—Dr. Ben. L. Bruner, of Munfordville.

Superintendent of Public Instruction—Prof. J. S. Crabbe of Ashland.

Commissioner of Agriculture—N. C. Rankin, of New Castle.

Clerk Court of Appeals—Napier Adams, of Somerset.

The following platform was adopted, viz:

The Republican party in Kentucky, in convention assembled, adopts the following platform:

First—We approve the policies and commend the ability, integrity and courage of President Roosevelt and his administration and, without expressing a preference for any candidate, favor the selection by the next National Convention for President of one in full accord with these policies and who will energetically carry them out in the interest of the people.

Second—We demand that all elections shall be honestly conducted and declare that the cause of good government and the future happiness and welfare of the people of Kentucky are inseparably bound up in the suppression of all abuses and crimes against an honest ballot, that have so unfortunately disgraced our State under Democratic rule, depriving the people of their rightful heritage—representation by the people.

Third—The judiciary of the State, in both the Circuit and Appellate Courts, should be chosen on non-partisan grounds and the continuance in office of faithful judicial public servants should be determined by no other qualification than fitness.

Fourth—There should be complete publicity concerning the expenditure of money for political campaigns and a law should be passed providing for an accounting by candidates and campaign managers of all money collected for political purposes.

Fifth—We demand the redistribution of Kentucky in Legislative, Senatorial, Congressional and Judicial Districts,

which shall give equal representation and equal voting power to every citizen of every district in conformity with the plain requirements of the Constitution, and not as at present, in flagrant violation thereof.

Sixth—There should be prompt and efficient enforcement of the criminal laws of every kind, and at all times, but especially at this time, do we call for the rigid enforcement of the law against those forms of crimes, which, under the recent administration of justice, in many communities, have gone practically unpunished. Election thieves, gamblers, poolroom operators and others who commit crimes in the interest of those controlling the local administration of some of our cities and counties, should be punished, and the juries should be so selected as to prevent the packing of juries for the purpose of securing verdicts in accordance with the wishes of those whose hands the selection of the juries is placed, or under whose control and direction they are selected.

Seventh—We demand that the books, vouchers and accounts of all municipalities, all public officers and public institutions supported by the State, counties or cities, either directly or through subordinate corporations, trustees or commissioners shall be open to inspection and investigation at all times by any citizen and shall be regularly audited and the results published by an independent accountant, who shall not be eligible to re-examine such books, vouchers or accounts twice in succession.

Eighth—We demand a reform in the management of our public elementary and penal institutions, to the end that they shall be operated by bipartisan boards, upon proper business principles, and their inmates treated humanely.

Ninth—We favor the enactment and enforcement of a uniform local option law, with the county as the governing unit.

Tenth—We demand that the public schools of the State shall be taken and kept entirely out of politics, and that the interest and welfare of the children shall have first consideration in all public school matters.

Eleventh—We favor amendments to State laws permitting and encouraging joint nominations of the same candidates by the different parties.

Twelfth—We condemn the law, passed for immoral political purposes creating the Racing Commission in Kentucky, and demand its repeal.

Thirteenth—We condemn the enactment by the Democratic party of a large number of obnoxious tax laws and the creation of useless offices as the reward of partisan service, and we promise, if given power, to repeal all such laws and reduce the taxes to the lowest possible rate consistent with an efficient administration of the State Government.

CONCLUSION.
For years past the legislation enacted by the Democratic party and dictated by certain of its leaders has not been for the benefit of the citizen, but to the officeholder. The chief aim of such legislation has been the continued holding office and the creation of new offices to be traded in as rewards for party service.

The citizen is at last realizing, as never before, that the administration of public affairs is a business that comes close to him; that such business must be honestly and efficiently conducted and that his ballot should not be cast as a matter of sentiment, but for that candidate or that party which shows the highest capacity for properly conducting the affairs of the State on strict business principles.

We ask the support of all patriotic citizens, regardless of their party affiliation, for the State ticket selected by this convention, and for the policies and principles above stated, believing that it will insure better days for Kentucky.

Hon. A. E. Willson, the nominee for Governor, made a brilliant and eloquent speech accepting the position, and calling for a united and harmonious action upon the part of the party.

The delegates came home enthusiastically for the whole ticket.

Owing to the Pure Food Law the demand for straight, bottled in bond whisky is something marvelous. The makers of fine, straight goods are all behind in their orders for bottled goods.

Deadly

Grasp of Grip Prostrated Me.

Dr. Miles' Nervine Built Up My

Shattered Nerves and Gave Me an Appetite.

Of the millions of people who today suffer from nervous or heart weakness, a large percentage trace the cause directly to deadly LaGrippe. It attacks the nerves, causing a direct attack upon the nerves, putting an extra strain upon them at the time their vitality is at the lowest ebb. LaGrippe is the disease which was the shattered nervous system, with loss of appetite, lack of energy, insomnia, frequent headaches and morbid tendencies. It is the grippe of the nerves, and it can be cured with Dr. Miles' Nervine. It will end all that grip has done, bring back appetite, rest and health.

"I want to write this testimonial for the benefit of those who have suffered from that 'readied disease'—LaGrippe. I suffered several weeks with it, and nothing I tried would help me. I was in a semi-comatose state, or rather dead, for nearly a month, and finally my physician recommended Dr. Miles' Nervine, and I can truthfully say that it has helped me greatly. I feel better in weeks. It gave me relief, built up my shattered nerves and gave me back my appetite. I am now in full health again, and I want to say, each and every one who has suffered from LaGrippe will find relief by taking Dr. Miles' Nervine. It is simply splendid. Hoping the same will help other sufferers. I remain,

Mrs. Georgia B. Hall, Frankfort.

FLAG FORK.

Since the rain has ceased the farmers of this part of the country have much to do to clean out their crops.

He blew out the light and got lost in the room. When he thought he had found the bed he gave a leap, and instead of hitting the bed, he struck the steps 10 feet below, badly injuring face, neck, and l'mbs. He is slowly recovering and will be able to make pictures in a short time.

Our Sunday-school is doing very well, but I think it can be improved.

STAMPING GROUND.

Prof. John Hill, of University School, Louisville, is the guest of his father, Rev. G. W. Hill.

Prof. F. L. Craft, of William Wood College, Fulton, Mo., is the guest of his grandmother, Mrs. Martha Bramham.

Mr. William Hall, of Elmville, had a serious accident to befall him. He was driving to the railroad station when his horse took fright at a billy goat, and backed over a steep embankment. The animal was so badly hurt that it had to be destroyed. Mr. Hall, luckily, escaped injury.

The heavy rains of last week have retarded school work, but the fine weather of this week has helped amazingly. Barley harvest is underway, and the wheat crop will be ready for the reaper in a few days.

Notwithstanding the late and backward spring, things are coming the farmer's way just now. It is hectic from "early morn to dewy eve," and then some more.

The white clover is more abundant than for many years, and the prospect for a big honey crop is very flattering.

COMMON SENSE

Leads most intelligent people to use only Dr. Pierce's medicine. The makers of which print every ingredient entering into them upon the bottle wrappers and states its correctness under oath, and in great detail in "Facts." The position of Dr. Pierce's medicine is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formula, being confident in the best of the composition of his medicine. It is known that with their great medical merits will be recognized.

Being wholly made of the active medicinal principles extracted from natural roots, herbs, flowers, leaves, etc., original with Dr. Pierce, and without use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the medicinal properties in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs.

Dr. Pierce's medicine is recommended to cure consumption in its advanced stages (no medicine will do that) yet does cure all those catarrhal conditions of head and throat, weak stomach, liver, kidneys, lungs, heart, etc., which needlect or badly treated lead up to and finally terminate in consumption.

This is "Golden Medical Discovery" in time and it is not likely to disappoint you if you only give it a thorough and continuous course of treatment. You won't do supernatural things. You must exercise your patience and persevere in its use, however, for a long time to get full benefits.

The ingredients of which Dr. Pierce's medicines are composed have the unquainted knowledge of some of the readers, however, that the amount of lay, or non-professional, testimonial they are not given away to be experienced with but are sold by all dealers in medicines at reasonable prices.

It will give us pleasure to show you our present offerings in fine and medium priced furniture—the sort that is both appropriate and durable. And we shall also be glad to tell you of our liberal partial payment plan—a little at a time, as your income permits.

INVESTIGATION OF GEORGE-TOWN COLLEGE TROUBLE.

GEORGETOWN, KY., June 15, 1907.
To the public:

In reply to various publications and interviews that have recently appeared in the newspapers with reference to Georgetown College, I desire to make the following brief statement:

At the recent meeting of the Board of Trustees, the president of the college, Dr. J. J. Taylor, submitted a report which contained various charges of mismanagement and improver conduct on the part of many persons connected with the college.

The board promptly selected a committee of investigation consisting of the following gentlemen, namely: Arthur Y. Ford, of Louisville; Albert S. Rice, of Cincinnati; F. H. Goodridge, of Louisville; R. B. Thomas, of Georgetown, and Thomas W. Scott, of Franklin county.

All the charges and specifications, together with the evidence offered in their support, were referred to this committee with instructions to report their findings to the board when they had finished their labors. Pending this investigation, or until this committee has made its report, I think it highly improper that the charges should be published throughout the country as though they had been proved, as though there had been any disposition to avoid a thorough and impartial investigation.

All of the persons who have been charged with anything whatever welcome the inquiry and court the most searching and immediate investigation. When this inquiry has been completed, a full and complete statement will be made and I promise all the friends of the college that nothing shall be concealed, but the whole situation shall be stated just as it is.

Very respectfully,
JOHN A. LEWIS,
President Board of Trustees, Georgetown College.

[Written for the Roundabout.
In Memory of Mrs. Lucy Conway.

Dear Lucy you have left us,
We can scarcely realize,
But we know you're in a lovely place,
Just through the skies.

We miss you, Yes we miss you,
But you're on the other side,
A cord is broken from our hearts,
Which never can be tied.

Some day we'll meet you, darling,

And greet you with our love,
When we reach that sweet resting place,

In that mansion bright above.

Oh, darling! Little did we think,
On our bright wedding day,
That only just a few short years
With us could stay,

Our little home is lonely,

Yes, lonely, without you, dear,

If only your sweet smiling face

Could have remained with us here,

Oh! "Death" It is a dreadful thing,

That which we all must bear,

Oh! think of that unbroken rest,

Just across the river there.

INDIGESTION'S RECORD.

*The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I have never seen other physicians who prescribe it regularly.

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest. You read in the papers of the apparently healthy and robust men being suddenly attacked with acute indigestion after eating a hearty meal, and of their dying in many cases before a physician could call.

Green's will be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a dose of Green's Flower's every day before or after their meals they would not have fallen a prey to such sudden seizures.

August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood, tones up the entire system in a natural way.

*Two sizes, 25c and 75c. All druggists.

SPLENDID BAND.

Kopp Gets Engagement for Blue Grass Fair Over Sousa, Creatore and Duss.

The importance which the Blue Grass Fair at Lexington has attained in the public eye is evidenced by the fact that the directors of both Sousa's and Creatore's bands have written to the Secretary to try and secure engagement for the week of the big Lexington show, August 12-17. The famous band master, Duss, who played at the State Fair at Lexington two years ago, is also exceedingly anxious to come to the Blue Grass Fair. But it has been decided, after careful consideration by the management of the Lexington exhibition, to secure again Kopp's great Military Band of Cincinnati. This was the band which had the engagement last year. It gave universal satisfaction and was regarded by thousands of those who attended the Fair as the best band they had ever heard. For this reason the management of the Fair has given Mr. Kopp first call over all other bands and he has shown his appreciation by saying that he would rather come back to Lexington for a return engagement than to play any other date which he has filled. Mr. Kopp has arranged to have special features in the way of soloists and quartettes which will add much to the interest of his musical programme. His concerts will begin regularly each morning at ten o'clock and continue throughout the day. They will undoubtedly be one of the most interesting features connected with the big Fair.

DEATH OF MR. S. COLEMAN OWEN, CIVIL WAR VET.

Mr. Spilius Coleman Owen, oldest son of the late Mr. Geo. W. Owen, of this city died at the home of his brother, Mr. Lee A. Owen, at Jets, on Thursday, aged 64 years.

Mr. Owen was a veteran of the civil war, having been a member of Capt. Dan Garrard's company, 22d Kentucky Volunteers, under Gen. D. W. Lindley.

Mr. Owen was an employee of the Kentucky Penitentiary for several years after his return from the army, where he was noted for his courage, endurance and daring.

For a number of years he had lived with his brother at Jets, and was warmly regarded by everybody for his genial and kindly disposition.

We were boys together and have been friends throughout our lives. The funeral services were conducted yesterday afternoon from the home of his brother by Rev. J. K. P. Smith, and the remains were laid to rest in the family lot in our cemetery.

He leaves one sister (Mrs. C. C. Furr) and one brother (Mr. Lee A. Owen) and a large circle of relatives in this city to mourn his death.

INCORPORATED

GREAT THOROUGHBRED SHOW.
Valuable Premiums Will Make it a Feature of Blue Grass Fair.

On the closing day of the Blue Grass Fair at Lexington last year there was the greatest show of thoroughbred horses ever seen in the world. Many of the owners of the big thoroughbred breeding establishments in the vicinity of Lexington denoted seasons to their most valuable stallions to be added to the monetary offering made by the Fair Association, so that the classes for thoroughbred carried with them an actual value of over \$10,000. No prettier sight was ever seen at any fair grounds than the rings for weanling colts and gilts, in both of which there were over thirty entries, and the ring for stallions. This year's Blue Grass Fair, the week of August 12th to 17th, the thoroughbred show will again be one of the most important features. Seasons have already been secured to a large number of the most famous stallions in America.

The list is headed by the great French horse, Adam, who was imported last year by Messrs. Miller and Bishop at a cost of \$80,000 and was brought to Lexington to the farm which they established there last winter. Adam is a son of the renowned English Derby winner Flying Fox, a horse that sold at public auction for \$157,000, the highest price ever paid for a horse in any country, and was taken to France by his purchaser. By many good judges Adam is regarded as Flying Fox's best son. His owners last year allowed fifteen outside mares to be bred to him at a service fee of \$1,000 each, and these seasons were eagerly taken by most astute breeders of America. Seasons to Mr. August Belmont's great horse Hastings, to Imp. Mazagan, Imp. St. Simonian, Imp. Orlando, Imp. Resolute II, the Kentucky Derby winner, Alan-a-Dale, Imp. Sempronius, the beautiful Nasturtium, for whom Wm. C. Whitney paid \$50,000 for a two-year-old; Hambur's full brother, Frankfort, Imp. Griffin, that splendid race horse Stalwart, Blues, Gold Heels, Imp. Bridgewater, Jean Beraud, Imp. Carlton Grange, and others scarcely less famous have also been donated. Mr. J. B. Haggin gives a choice of

seasons to any two of a magnificent array of thirty-five stallions. Excellent as was last year's thoroughbred show at the Blue Grass Fair, there is every prospect that the one this year will surpass it, and it alone will be worth going miles to see.

CAUGHT BY GAME WARDEN.

Fish and Game Warden Claude Duval rounded up a gang of violators of the game and fish law, on Wednesday morning. They were using nets at Rossell's Riffle, below lock No. 4, and were caught in the act. There were six men in the party and the warden captured three large nets, which were confiscated.

REMARKABLE RESCUE.

That truth is stranger than fiction, has once more been demonstrated in the little town of Feofra, Tenn., the residence of C. V. Pepper. He writes: "I was in bed, entirely disabled with hemorrhages of lungs and throat. Doctors had failed to help me, and all hope had fled when I began taking Dr. King's New Discovery. That instant relief came. The coughing soon ceased; the bleeding diminished rapidly, and in three weeks I was able to go to work." Guaranteed for coughs and colds, 50¢, and \$1.00 bottles at all druggists. Trial bottle free.

PROMINENT AND BELOVED MAN SUICIDES.

Mr. Charles C. Vogt, one of the most generally popular and beloved business men in Louisville, committed suicide by shooting on Wednesday. Ill health had unbalanced his mind. He was a prominent and devoted man.

Mr. Cady's Comfort Powder, are just what a horse needs when in bad condition. Tonic, blood purifier and vermifuge. They are not food but medicine and best to use on putrid horse in prime condition. Price 2 cents per unit.

LEXINGTON CHAUTAUQUA OPENS TUESDAY, JUNE 25.

Feature Will be Farmers' Day, Saturday, With Big Tobacco Speeches.

The executive committee of the Kentucky Chautauqua has completed all arrangements relative to the coming meeting beginning June 25, and ending July 5. The Chautauqua is to have some of the most gifted men in the country present to deliver lectures during the meeting. The committee has made preparations to have the best meeting that Lexington has ever known, and to do this it will require a great deal of money. On this account the committee has decided to cut the free list. Storms' orchestra will furnish the music and every evening there will be an open air concert to which every one is cordially invited.

One of the big days will be the 29th, Farmers' Day, at which the Society of Equity will have full charge.

Among the speakers of the day are Congressman A. O. Stanley, of Henderson, and J. A. Everette, president of the National Association, will deliver addresses. On Sunday, June 30, Dr. H. M. Warton will deliver an address on "Paul's Footprints in Rome." The great day for all classes will be on the Fourth, when Congressman Champ Clark, of Missouri, will deliver two lectures.

PAIN

Pain in the head—main anywhere, has its cause, else usually. At least, so says Dr. Shoop, to prove it to the public. He has a tablet. The tablets—called Dr. Shoop's Headache Tablets—have a very pleasant taste. Its effect is charming, pleasantly delightful. Gently, though safely, it surely equalizes blood circulation.

If you have a headache, it's blood pressure, and that's the cause. If you have a toothache, it's blood pressure. If you are sleepless, restless, nervous, it's blood pressure. Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute it to all parts of the body.

Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's blood pressure. Dr. Shoop's Headache Tablets will find it where pain always is. It's simply wonderful.

We sell at 25 cents, and cheerfully recommend
